

Pentair Probe holder (7006674)

PRODUCT INFORMATION

Probe holder for 3 IntelliPool™ probes.

Probe holder including:

- 3 sensor nut sets (2 O-rings, 1 sealing plate and 1 sensor nut) for a robust mounting
- 1 large transparent scale that makes it possible to check the flow and condition of the water
- 4 metre long transparent hose to drain and divert the water from the piping
- 2 saddle clamps
- 2 valves and 1 back plate holder for fixing to the wall
