

Hayward Robot pool cleaner foam type Tigershark QC (7018786)

 **HAYWARD®**

TECHNICAL SPECIFICATIONS

Type	Tigershark QC
------	---------------

Model	foam
-------	------

PRODUCT INFORMATION

Its efficient cleaning pattern covers the entire pool - including the floor & walls, all the way to the tile line. Easy to use: no installation, no attachments. Efficiency Smarter: adaptive seek control logic (ASCL) microprocessor optimises the cleaning routine for each individual pool size and shape. Hardworking: it's powerful on board pump sucks up dirt and debris while roving the bottom of the pool, the walls and steps. Easier to use: no installation, no attachments. Just lower in and turn it on. Extra durability Electronic self-diagnostics and overload protection. Simple Direct Drive Design with non-corrosive bearings for high reliability. Universal For all types of bottom & walls (flat bottom, gentle slope, diamond shape, complex slope) PVC or foam brushes available depending on your pool: foam ensures good cleaning in difficult conditions: better adhesion to polyester and ceramic pool. PVC brushes have a longer lifespan. Ease of use An easy clean one-piece reinforced filter cartridge. Simply rinse and clean with a garden hose.

Features:

- Work Cycle Tigershark: 3 hours
- Work Cycle Tigershark QC: < 2 hours
- Motor Unit: 24V/3.5Amps
- Height*width*length in cm 28*41*41
- Power cable 17m
- Moving Parts: Acetal/stainless steel
- Programmed Function ASCL/adaptive seek control.
- Optional trolley
