

**Suction hose 25,4 mm x 33,4
mm 1,5bar -0.85bar black 40m
type SDS (7023841)**

TECHNICAL SPECIFICATIONS

Colour	black
Length	40 m
Bending radius	120 mm
Temperature range	-25°C - 70°C
Pressure	1,5 bar
Type	SDS
Size	25,4 mm x 33,4 mm
Weight	500 g/m
Vacuum	-0.85 bar

PRODUCT INFORMATION

The SDS suction hose is specifically designed for use with the RAINMASTER Favorit. The intake line can be safely installed directly from the intake filter in the tank to the RAINMASTER Favorit. This means no additional joins or pipe sealing are necessary, which in turn limits the chance of intake pressure problems at the control unit side. It is produced from high quality EPDM rubber offering a pressure range from -0.85 to 1.5 bar.
