

Pentair Pump control 230VAC blue/white type Intellipool (0180803)

TECHNICAL SPECIFICATIONS

Colour blue/white

Type Intellipool

Voltage 230VAC

Max. pool vol. 150 m³

IP value IP65

PRODUCT INFORMATION

Remote Monitoring and Control system designed to get the most out of your IntelliFlo variable speed pump. IntelliPool™ uses IntelliFlo® at its best, offering the correct filtration speed for every application, improving the already exceptional energy efficiency of IntelliFlo® even further. Extra savings occur as IntelliPool™ will only add the exact amount of chemicals needed. When using salt electrolysis it will optimise the lifetime of your chlorinator cell. Control of the pool is available always and everywhere for both the pool owner and pool builder or maintenance provider using any smartphone or internet connection. IntelliPool™ controls filtration, heating, lights, any type of sanitising (Cl dosing, salt chlorinator,...), a pH control pump etc.
