PRODUCT INFORMATION

Break tank with a capacity of 500 litres/ 300 litres and a screw cap, this tank is easy to use and maintain. It also features a large inspection opening of 62 cm for easy access. The integrated pressure booster ensures optimal performance, with a maximum flow rate of 5.7 m³/h and maximum head of 48m. Drinking water supply is facilitated via a solenoid valve 1/2" (HE 1") according to DIN EN 1717. This flow tank has dimensions of LxWxH 80 x 55 x 130 for 500 litre and LxWxH 80 x 55 x 80 for 300 litre, and provides an adequate feed quantity at 1 bar line pressure.
