

**DAB Submersible pump
technopolymer 1" female
thread 4,2A 230VAC
black/green type Divertron X
900 (7042269)**

TECHNICAL SPECIFICATIONS

Colour	black/green
--------	-------------

Material	technopolymer
----------	---------------

Pump body	technopolymer
-----------	---------------

Material impeller 1	technopolymer
---------------------	---------------

Connection	female thread
------------	---------------

Voltage	230VAC
---------	--------

Temperature range	0°C - 40°C
-------------------	------------

Press	1 "
-------	-----

Type	Divertron X 900
------	-----------------

Output Power	0,75 HP
--------------	---------

MWC	44,5 m
-----	--------

Size	1"
------	----

Power	0.56 kW
-------	---------

Ampere	4,2 A
--------	-------

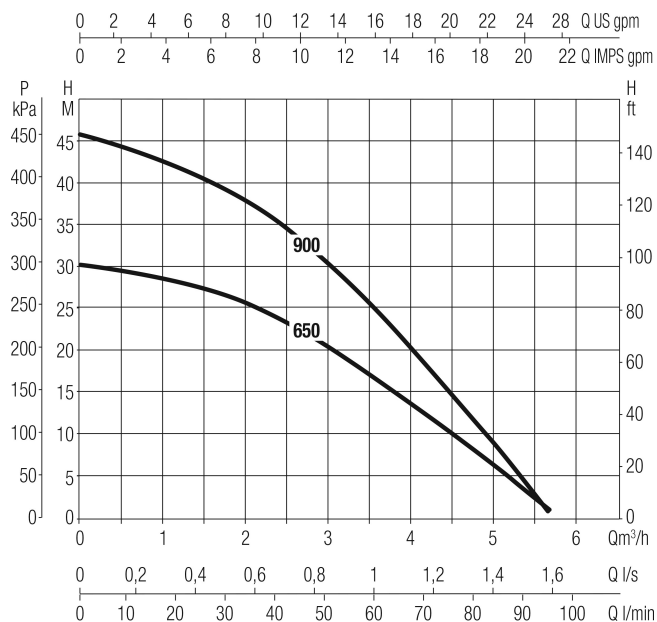

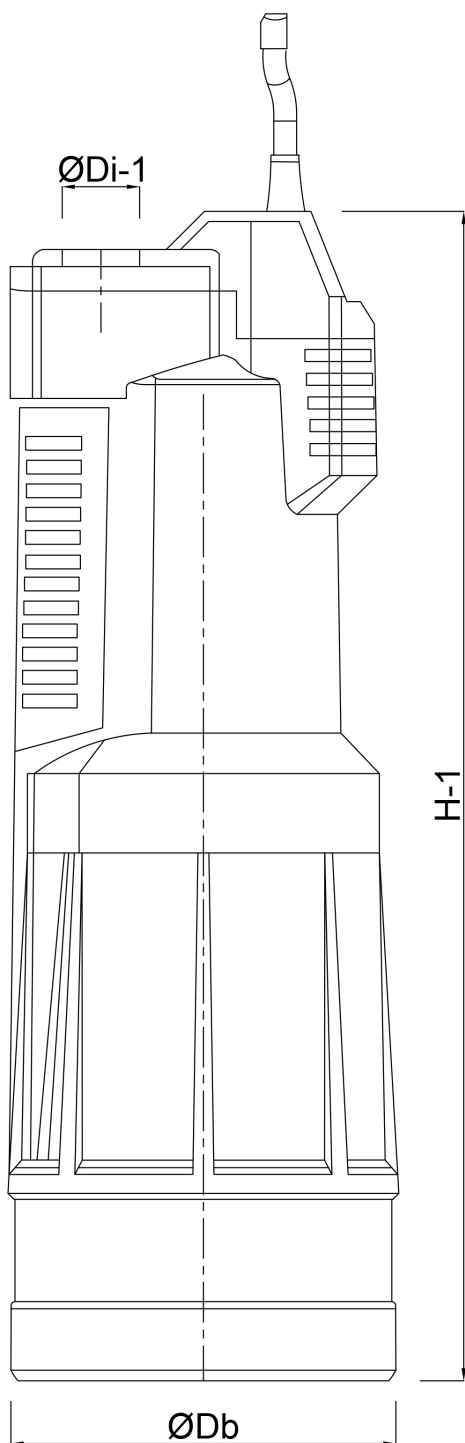

Max flow rate	4.8 m ³ /h
---------------	-----------------------

DIMENSIONS

Db 160 mm

H-1 536 mm

ØDi-1 1 "

PRODUCT INFORMATION

Built-in electronic board, pressure switch and flow sensor.

Equipped with dry-run protection.

Built-in non return valve.

Installation recommended with auxiliary tank.

With 15 metres of cable.
