

**Break tank 3/4" x 1" male
thread 230VAC BELGAQUA
type Hydrobox 500 (7025398)**

TECHNICAL SPECIFICATIONS

Type	Hydrobox 500
------	--------------

Approval	BELGAQUA
----------	----------

Connection	male thread
------------	-------------

Voltage	230VAC
---------	--------

Pump	Xilent X3
------	-----------

Tank	500 ltr
------	---------

Size	3/4" x 1"
------	-----------

Maximum flow	120 ltr/min
--------------	-------------

Capacity Pressure	4.5 m3/h @ 5 bar
-------------------	------------------

PRODUCT INFORMATION

Large break tank suitable for floor installation Flow rate: 3.4 m3/h @ 3 bar ON/OFF system integrated with dry running protector and alarms Supplied with Xilent X3 Pump with Pressure Controller Unit can be used as a booster set for at least 1 tap(s) when the water supply pressure is insufficient Integrated with Type AB air gap with 75 mm overflow connection Material Tank: PE Xilent X3 Pump Silent operational pump with varying speed drive Self-priming option Built-in 10l tank to ensure air pressure stays unchanged. Rotating inlet and outlet connections Integrated alarms against dry run, excessive pressure build-up and overheating of pump Designed to be used for residential applications in roof tanks, break tanks, rainwater tanks etc.
