

Heat pump cleaner 1ltr type PRO Clean (7028812)

TECHNICAL SPECIFICATIONS

Type	PRO Clean
------	-----------

Content	1 ltr
---------	-------

PRODUCT INFORMATION

PRO Clean is the perfect solution to clean your heat pump condenser without the need for specialist tooling and without risking damage to the fins. A clean condenser maintains optimum performances and helps prolong the lifespan of the heat pump. The bottle designed with a flexible head for very easy use. Furthermore, PRO Clean is biologically degradable and therefore poses no environmental risks to the surrounding plants and wildlife.
